EDUCATION

Economics
Universidad Carlos III de Madrid (UC3M)

2015 – 2019 *Top 2% percentile*

Relevant courses:
- Econometrics
- Information Economics
- Public Economics

Statistics
UC3M - UC. Davis - U. of Copenhagen

2018 – 2020

Relevant courses:
- Social Data Science
- Mathematical Statistics
- Big Data and High Performance Statistical Computing

Economics
UC. Davis (exchange)

2018 – 2019

EXPERIENCE WITH RESEARCH

Research assistant at CEMFI, summer 2018
- I worked with Prof. Mira and Prof. Fawaz on the SHARE project (Survey of Health, Ageing and Retirement in Europe) trying to understand the causes of loneliness and depression in old people in Europe.

Air pollution in Madrid: A time series analysis approach
- I studied the behavior of the air pollution in Madrid in the last ten years using public data from 250 control stations. I used methods such as ARDL or structural analysis (VAR).

An evaluation of tourism and terrorism using TripAdvisor restaurant reviews
- We studied an alternative way to measure tourism and its relation to recent terrorist attacks in Europe through TtipAdvisor reviews.

TECHNICAL SKILLS

Python	pandas, NumPy, scikit-learn, matplotlib; web scraping with requests, Beautiful Soup, selenium.
R	tidyverse, Matrix, paralell, time series, Rmarkdown.
Stata	regression, microeconometrics.
Others	version control with git/github; working knowledge of bash, SQL and relational databases; Latex.

INTERESTS

Reading · Basketball · Classical Music · Physics
